Red August Group – 25 years of recruitment

‘You are as strong as the people around you’ & the strength of your business is determined by the team which drives it.

Red August Group with our founders’ 25 years of recruitment experience, building large teams across emerging markets, enables us to deliver on your recruitment needs.

Building & developing teams for large projects requires clear structure, planning and execution, this is the space we have operated in for decades.

Multi-discipline, Multi-cultural & Multi-lingual teams across emerging markets require dynamic leaders to produce a cohesive, highly functioning team. Partner with Red August Group to deliver your key personnel.

Red August Group

Striving to unlock your business potential

Your business – revolves around extraordinary people

Are you starting with a new company or building and scaling your existing business?

Your success centres around the calibre of staff building your teams.

Focusing on extraordinary people with the mindset to deliver is a transformation in any business.

We have been involved with building teams across emerging markets for decades.

Our approach is simple, we listen to the integral needs of your business first.

Our bespoke solutions are tailor made to your unique business situation.

Red August Group

Striving to unlock your business potential

Red August Group – Bespoke human capital solutions

Why are we different? We have actually operated in many of the roles you are recruiting for, we see both sides.

We deliver bespoke human capital solutions for every level of your organisation.

As your strategic human capital development partner, we deliver complete holistic solutions.

From human capital mapping and organisational structure, through to executive search and recruitment.

Leverage our 25 years of team building experience to develop your business human capital.

Reach out today, discuss with the Red August Group team regarding your bespoke human capital solutions.
